Chemical gas systems - FSL 1230™ / FSL 5112™

## 33mm 25/42 bar Discharge Valve - NF2133XX

Large orifice (33 mm) valve for Clean Agent fire suppression systems.

### KEY FEATURES

- Large 33 mm orifice for high flow and rapid discharge
- Available with or without solenoid
- Choose from a large range of manual, pneumatic and electronic actuators

Product code	Without Solenoid		With Solenoid	
	NF213302	NF213304	NF213312	NF213314
Discharge type	Total	Total	Total	Total
Working pressure	25 bar	42 bar	25 bar	42 bar
Orifice size	Ø 33 mm	Ø 33 mm	Ø 33 mm	Ø 33 mm
Inlet connection	2,5" male	2,5" male	2,5" male	2,5" male
