**INERTECH™** Gaseous Fire Suppression System

## Actuation Hose & Adapter • NF370XXX

The hose connects pneumatically the actuators installed on the top of quick-release cylinder valves

Part number	Length, mm	Description	Minimum bending radius, mm
NF370350	350mm	INERTECH® 350	60mm
NF370450	450mm	INERTECH® 450	
NF370600	600 mm	INERTECH® 600	
NF370351	INERTECH® 350 + adapter		
NF370451	INERTECH® 450 + adapter		
NF370601	INERTECH® 600 + adapter		

The working pressure of the hoses is 380bar

90 degree adaptor connecting the master cylinder valve to the slave/master cylinder valve
